RESOLUTIONS.

Partisan Acts of Bradley and Toney Condemned.

Mass Meeting of Christian County Democrats Adopt Strong Resolutions.

The following are the resolutions adopted by the Democratic mass meeting at the Court House in Hopkinsville Monday, Nov. 27, 1899.

Whereas, At the election held in the State of Kentucky on November 7, 1899, one W. O. Bradley, Governor of said State, in bold defiance of law, and in total subversion of the basic principles of civil liberty and self-government, as Commander-in-Chief of the State militia, removed himself from the capital of said State to the city of Louisville, and on said day called out said militia without being called upon by the proper civil authorities so to do; and

Whereas, On said day, one Sterling B. Toney, as one of the Circuit Judges in said city, without the semblance of law thereof, by a mandatory injunction granted and issued without notice and in obedience to a preconcerted and matured plan, forced persons without authority into the polls when said election was being held in said city, all in plain violation of the law; and

Whereas, Long before said election and up to the time thereof it had been published repeatedly throughout said city and State that said Governor would be there and that said militia would be called out, and that large quantities of arms and ammunition and gathering guns had been sent to said city, to be used on said election day, whereat blood would flow, which publications were vouchsafed by a pretended United States Senator for Kentucky and other noted opponents of the Democratic party; and

Whereas, On account of the above large numbers of voters in said city were intimidated and failed to vote in said election, and a free and impartial expression of the people was not had; and

Whereas, In the counties of Knox and Johnson, in said State, said election was not conducted according to law, by reason of tissue balloting being used and other irregularities and frauds; and

Whereas, Since said election said Toney has by the same prostitution of the powers of his court compelled various election officers of said election to certify to false returns of votes in said city, and in a like manner have the votes in said counties of Knox and Johnson been certified; therefore, be it

Resolved, by the Democrats of Christian county in meeting assembled;

First--That we denounce in unmeasured terms all of said acts of Bradley and said Toney as being tyrannical, autocratic, revolutionary, and a usurping of power and authority, and Bradley should be punished as the law directs, and said Toney should be impeached.

Second--That we hereby earnestly request the State Election Board for said State, on account of said acts of usurpation, illegality and fraud, to throw out and refuse to count the vote of Louisville or the votes of said counties of Knox and Johnson, pretended to be cast on said day; thereby saying to the people of the State, to the people of the world and to all future generations, that liberty has not been destroyed in this country, and that the despot has not yet been made chief ruler, or been vested with unlimited powers, and thereby preserving in its purity the sanctity of the ballot which is the corner-stone of civil liberty.

Third--That in so doing said board will but do its legal and bounden duty as public servants, and receive the plaudits of brave and liberty-loving people everywhere.

Fourth--That in such action we

pledge to them our hearty support and assistance in executing the law so unpronounced by them, the threats of blood and militia to the contrary notwithstanding.

Fifth--That a copy of these resolutions be furnished to the papers for publication.

LAID TO REST.

Funeral of the Late Henry H. Bryant Wednesday.

Quite a number of people from this city attended the funeral of Mr. Henry H. Bryant at Gracey Wednesday. Further particulars of the tragedy have been received. The gun that caused his death was the property of Mr. Paul Turney, of Cerulean Springs. Mr. Turney had unloaded his gun to start home but during his absence from the camp one of the negro servants loaded the gun and set it inside the tent. When Mr. Turney returned he called to Mr. J. P. Watson to bring him his gun to put it in the box. Mr. Watson picked up the rifle and supposing it was still unloaded took it out and handed it to Mr. Turney. The servant had not only left it loaded but cocked and in handling it the load was discharged and entered Mr. Bryant's side a short distance away. He lived only five minutes.

STABBED TO DEATH.

Monroe Cox Kills "Son" Daniel Near Gutrie.

A difficulty occurred on the Webb farm in the Pond River neighborhood, four miles from Guthrie, in which a little boy lost his life. It seems that Monroe Cox, white, aged 12 years, and "Son" Daniel, colored, aged 14 years, were out on the farm together when they became angered. Cox pulled his pocket-knife and cut Daniel in the bowels, the boy bleeding to death. Dr. R. W. Frey, of Trenton, was sent for, but did not reach his patient in time to give relief.

Both Sent to Jail.

Charles McGaughery and Jim Washington, both colored, charged with burglary, robbery and grand larceny in breaking into Mr. T. M. Jones' store and carrying away goods, were arraigned in the City Court Tuesday and sent on to the grand jury. Bond was fixed at \$200 each and in default of same they were committed to jail.

HACKED TO PIECES

Was Baby Before Being Pack-ed in a Box.

Horrible Crime May Be Exposed By Coroner Allensworth's Investigation.

The dead body of an infant was found near the stand-pipe by Lizzie Whitlock, col., and the fact was reported to Coroner Allensworth, who has for several days been making a quiet investigation of the matter. The body had the appearance of having been cut to pieces and placed in a box, and was so badly decomposed that it was impossible to say positively whether the child was white or black.

It had first been wrapped in an old shirt and then in an oil cloth and the box was deposited under the roots of a tree in a gully and covered over with dirt and brush. Recent rains had washed the covering from the box, and thus it was that it was discovered. The remains were placed in a coffin and buried in the potter's field. As a result of the Coroner's investigation arrests may follow.

FARM HAND FOUND DEAD.

Attacked With an Epileptic Fit and Drowned.

Henry Willis, aged 53 years, a colored farm hand in the employ of Mr. T. L. Graham, of Casky, was found dead in a branch on the premises Tuesday night. He had been at work all day near where his body was found and when he failed to show up for supper a search was made. He was lying on his back and the water barely covered his face. He was an epileptic, and at the inquest held by Coroner Allensworth the jury returned a verdict of accidental drowning while in a fit.

DIED AT DAWSON.

Well Known Julien Citizen Passed Peacefully Away.

Mr. Lycurgus G. Cravens, of Julien, who had been in feeble health for several months, died Tuesday morning at Dawson Springs.

Mr. Cravens had been a great

sufferer from consumption for a long time and a few weeks ago, in fact he might be better, but his condition grew gradually worse and finally passed away as above stated.

He was 72 years old and a good citizen, doing unto others as he would have them do unto him, as far as it was in his power to do so.

He left five children, all grown

his wife having preceded him to the grave several years ago.

The remains were interred Wednesday in the family burying ground, near his late home.

SERIOUS CHARGE.

Henry Davie Bound Over to the Circuit Court.

Henry Davie, a colored boy about 16 years old, was arrested by Constable F. C. Rives, near Howell Tuesday, on a warrant charging him with having attempted a criminal assault upon the person of Rachel Major, a colored girl about 15 years old.

The girl, who lives in the same neighborhood, had been attending school near Herndon, and she alleges that while returning home she was attacked by Davie.

At the examining trial held by Esquire J. F. Dixon at Howell, Wednesday, Davie was held over until Circuit Court. He failed to furnish bond and was brought here and lodged in jail Wednesday afternoon.

The warrant was sworn out on the 17th inst., the day on which the alleged crime is said to have been committed, but the officer was unable to serve the paper until Tuesday.

BELL-HOLLOWAY.

Prominent Young Physician Weds a Most Popular Belle.

The marriage of Dr. Austin Bell, of Bell, Ky., and Miss Cecil M. Holloway took place at the home of the bride's mother, Mrs. S. F. Holloway, four miles south of the city, at 3 o'clock p. m., Wednesday.

The wedding was a very quiet affair, only a few of the most intimate friends of the young people being present. Elder H. D. Smith, of this city, performed the ceremony, after which Dr. Bell and his bride left for Bell, where they will reside. A host of friends extend sincere congratulations.

NEW BUFF BREEDS.

(Continued from Second Page.)

that no dependence can be placed on their breeding qualities.

THE ONLY TRUE METHOD

The question of the production of true buff color has been written of, we presume, more than any one could tell, but those who have produced the very best shade have done so by the careful selecting of an even, true color in both males and females. This is the only true method to follow in the production of any color we wish to establish as a true reproducing color. The mating of light and dark colors in any breed is a mistake. The only correct and positive method is to mate together the proper colors, and persistently follow this plan year after year until the reproducing qualities are positively established in your stock.

The Buff Leghorn Club has persistently demanded a clear, pure, true buff color through and through. For this and good, true Leghorn form they have contended till to-day they have established in many strains the true Leghorn type and good surface color. In under-color they are somewhat defective. Many have tried to improve this by using males with black wing-bows and black-shaded tails. This is a step backward. Far better use the true colored specimens to be had and mate them together. The male should be some stronger in color than the females. This is natural in all buff fowls. A proper test is to compare the color of breast feathers of each and have the breast of the male a full shade darker in color than the female. Such matings properly followed will gradually bring the proper shade of under-color that is the real foundation and strength of surface color.

UNDER-COLOR.
The proper shade of under-color is fully described in the wording of the Standard, i. e.: "Under-color, a lighter shade than the surface color and as free as possible of all foreign color. All things being equal, the specimen having the richest under-color shall receive the preference." Some conclude that this means that the deepest shade of under-color shall win the prize. This is a mistake. It is quite possible for a very light colored or lemon buff specimen to have a most beautiful under-color under the demand that under-color shall be a lighter shade than the surface color. The best and most perfect buff color is that which most closely conforms to the full text of the Standard demand. A partial compliance with the demand, or perfection in any one section, is not a full compliance with the Standard demand.

ONE RESULT OF SCORING.

The use of the score card has taught us that it is possible for a specimen to lose four on breast, also four on back, and still stand at the ninety mark. At the same time a specimen so deficient in these sections should be killed, but it might be possible, for such a specimen to win a first over a grand bird in all sections that might have one off-colored feather that had disqualified it to compete.

To become producers of the higher quality we must get beyond these simple, contracted opinions of the unadvised days of the fancy, and rise to the higher plane of more perfect and thorough all-round quality. The demand of utter destruction for one or two off-colored feathers in an otherwise splendid all-round specimen is a relic of the darker days of the fancy that is fast giving way to the better understanding of the true qualities of high perfection in all sections.

True all-round quality is the order of the hour. A most beautiful colored buff fowl is not a Buff Wyandotte unless it has the perfect Wyandotte shape. Neither is a true-shaped Wyandotte clothed in reddish buff or brown. A true Buff Wyandotte.

GOOD FORM AND GOOD COLOR, must go hand in hand to make the higher quality, and the sooner we make the unanimous demand for this all-round higher order of per-

fection the faster will our birds improve. But so long as we countenance the admission of the poorer quality into the ranks of standard fowls just so long will we have their presence with us.

About three-fourths of all the stock kept to-day as fancy high-class specimens should go to the farms as market poultry. Far better that our breeding yards should simply contain one or two good varieties than a dozen or more of inferior quality. Better save your labor and expense than to hope to obtain even passably good results from an inferior hen. The best male on earth cannot produce good chicks from a hen of inferior quality. Far better to quit keeping fowls than to waste your time and worry your mind in trying to produce winners from low-grade stock.

The three requisites for the production of high quality are: first, the ability and knowledge of how to handle and prepare the fowls for producing, also for exhibition; second, the presence of stock of the very best quality; and third, place and ability to properly rear them. We have seen many high-grade exhibition specimens produced from one trio that was kept in a small back yard; have also seen absolute failure come to many who had acres at their command and over a hundred breeding flocks. The quality of stock and the ability to handle them make the surest road to success.

Study well the Standard demands for the fowls you desire to produce. When fully acquainted with their description, then proceed to produce them as near perfection as possible in each and every section. Thus only can the best be produced. —T. F. McGREW, in Ohio Poultry Journal.

David B. Hill has announced that he will support W. J. Bryan next year if he is nominated for President.

Gen. H. B. Lyon, Representative-elect from Lyon and Marshall counties, will be a candidate for Speaker of the Kentucky House.

The Democratic caucus to select candidates for Speaker and other offices of the National House will be held at Washington to-morrow.

Democrats of Larue and Living-ton counties have held meetings and adopted resolutions denunciatory of Gov. Bradley and Judge Tonney.

The First Tennessee Regiment returned from Manila Wednesday and there was a grand reception given at Nashville. The two deaths in the regiment during its eighteen months of service.

There have been seven deaths of members of the present House elected a year ago, and in every case it was a man who had served in Congress before. This is said to be without precedent.

The President has appointed Josiah Patterson of Tennessee, a member of the Shiloh Park Battle Field Commission at a salary of \$20 a month. He was formerly a Democrat and represented the Memphis district in Congress.

Ernest Lyon, a son of Gen. H. B. Lyon, of Eddyville, is a candidate for cloakroom keeper in the House of Representatives at its coming session, and W. A. Morris, of Mt. Olivet, has announced his candidacy for Enrolling Clerk of the Senate.

Charlie Metcalf and Hatt Corbett, two bright young fellows who ought to have been ashamed of themselves all along, are sick of bolting and have authorized South Trimble to present their names for reinstatement in the Democratic party. Kill a cat and let 'em in.

Mr. Ed Leigh is doing work on the Owensboro Messenger while his brother Clint is enjoying his honeymoon. This is about as near as Ed will ever get married—only run a paper while his brother gets married. Poor consolation, Ed, but you are too old now to trot in double harness.—Paducah Leader.

The Democratic convention to nominate a successor to Evan Settle met at Frankfort yesterday. The candidate went into the convention with the following vote: Allen, 33½; Gayle, 19½; Julian, 15; Moody, 11; and Ladd, 5. Scott county's vote was uninstructed. A nomination had not been made when we went to press.

At Modder river the Boers gathered a force of 8,000 men to stop the advance of Gen. Methuen to the relief of Kimberley. The battle began at 5:30 a.m. Wednesday and lasted for ten hours. At the end of that time the Boers had been driven back and the British had gained a foothold on the northern bank of the river. Gen. Methuen's dispatch describes the battle as "the bloodiest of the century," and says "the result was terrible." There is again an unconfirmed report in London that Ladysmith has fallen. The report is not credited.

In Madison county W. W. Combs, Democrat, has served notice of contest on the Republican Representative-elect. The defeated Democratic candidate in Carter and Elliott, Jerry Walker, will also contest. In Fayette county Milton Young, Republican, will contest the seat of J. Embry Allen, Senator-elect, and Roger D. Williams, Republican, will contest the election of Will Klar as Representative for the Lexington district.

Walter Evans, who throws up his hands in holy horror at the idea of a contest for Governor, is still trying to have Oscar Turner deprived of a seat in Congress to which he was elected by 700 votes. As Evans has been provided for the plan is to turn out Turner and trust to federal interference to have a Republican elected to succeed him in a special election.

Henry C. Payne, of Wisconsin, will offer a resolution at the meeting of the Republican National Committee to change the basis of representation at National Conventions. The plan, if adopted, would materially reduce the delegations from Southern States, while increasing them in a number of Northern States.

As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. D. B. Johnson of Richmond, Ind., has been treated with that salve since 1882. In speaking of that salve he says: "I never found anything that would relieve me until I used Chamberlain's Pain Balm. It acts like magic with me. My foot was swollen and pained me very much, but one good application of Pain Balm relieved me." For sale by R. C. Hardwick, Druggist.

STILL A MYSTERY.

Many Doubt Ellis Glenn's Story of Her Twin Brother.

Hillsboro, Ill., Nov. 29.—Ellis Glenn, the girl whose disguise was discovered when she was sent to the penitentiary, still insists that the story that she went to jail to save her twin brother is true, although many people doubt it. Miss Duke, who was Glenn's fiancee, says she has faith in her still. She cannot think of her as a man, and even though she was wed in disguise, Miss Duke will not desert her now.

The sheriff has received information stating that the girl's name is not Glenn, but Bettie Cole, and that she assumed the name of Glenn because he was murdered in the south.

A BIG MINSTREL SHOW.

The coming of the famous Wright's Original Nashville Students' combined with "Gideon's Big Minstrel Carnival" will prove a gala event to all lovers of good, bright, wholesome minstrelsy. This popular attraction will appear at Holland's Opera House one night only, Saturday Dec. 2, and promises to prove the festival of the season. Everywhere in the large cities where it appears, theatres are filled to overflowing and the press speak in the most glowing terms of the excellent performance and the merit of the many big acts presented. Forty-five of the best colored entertainers in minstrelsy appear at every performance and good rollicking fun runs riot for three solid hours. The Nashville Students Glee club and the Occidental quartette furnish the most beautiful of music, rendering sweet Southern melodies, and fifteen natural colored comedians create uproaring merriment with their bright, up-to-date ideas of humor. Slack wire walkers, jugglers, tumblers, acrobats and a score of other varied features are included in the enjoyable program. A big symphony orchestra furnishes the music for the performance and two peerless bands appear in the street parade that is given every day.

PETITION IN BANKRUPTCY.

Strother J. Banks, of Henderson, filed a petition in bankruptcy in the Federal Court here this afternoon. Liabilities, \$7,494.16; assets, \$127, all of which are exempt. Banks was formerly in the hardware business at Henderson, but failed in 1898, and made an assignment on August 28 of that year, and the present liabilities consist chiefly of debt which the assigned estate failed to pay.—Owensboro Messenger.

After a Place.

Bennett Henderson, of Princeton, a member of the last Kentucky Legislature, is in Washington, a candidate for one of the four positions given to the minority on the floor of the House. Mr. Henderson has been a lifelong Democrat and one of the party's hard workers in the recent campaign. His fight is being managed by Representative Wheeler.

A SURE CURE FOR CROUCH.

Twenty-five Years Constant Use Without a Failure.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croaky cough appears, it will prevent the attack. It is used in the treatment of croup in its first and second stages, and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty-five years' constant use without a failure. For sale by R. C. Hardwick.

How to Sharpen Our Wives.

An editor prints his paper to give the money there is in it. He is presumed to know of what he writes, and he does. When he writes as he does in the Leader of Cincinnati, Millie, Pa., without or hope of reward, then Chamberlain's Cough Remedy acts magically, and we have found none better in one household. If you have a cough, try it; it may be accepted as an honest expression, worthy of credence. Sold by R. C. Hardwick.
